## H. G. SHAW WANTS IMPORTANT OFFICE

Asks to Serve People of Fulton County  
As Sheriff.

In this issue of The Courier Esquire H. G. Shaw announces his candidacy for the Democratic nomination for Sheriff of Fulton County at the coming August primary. Mr. Shaw needs no introduction to the people of Fulton County. He was born and reared in the county, being the son of the late G. L. Shaw and Mrs. Mary Shaw, and is one of a family of thirteen children.

He was appointed by the governor to the position of magistrate of the fourth district, and four years ago was elected without opposition to succeed himself. As a member of the Fulton County Fiscal Court he has demonstrated his alertness and ability in taking care of the interests of the county and the district which he represents. During his magistrateship he has succeeded in securing the building of many miles of new roads in the fourth district, which includes the lower bottom.

He has been very successful as a stockman and farmer, which profession he has always followed. He is one of the county's most progressive and wide-awake farmers, and if elected, the county will be fortunate in having a man with the understanding of business principles to execute the numerous and varied demands that are made upon such an official.

No man stands higher as a first-class citizen than does Hannan Shaw, and the confidence and esteem of his fellow countrymen are deserved by him. In the affairs of the Democratic party he has always been zealous and active, never flinching when called to duty in behalf of it.

It will be his purpose to see every voter in the county before the primary and present his claims in person, and through our columns, Mr. Shaw submits his candidacy to the care of the electorate of the county, with his splendid record as a citizen and a loyal Democrat, to commend him to the people, and the further necessary attribute of possessing the ability to correctly administer the affairs of the office.

Don't forget him in August.

## TWO BOYS BADLY HURT BY SAW

Clardie Holland and Everett Young Injured Friday Evening.

Clardie Holland and Everett Young, both of whom live in the eastern part of town, were seriously injured Friday evening at about five o'clock, when a saw frame in a portable gasoline saw-mill gave way, hurling the saw through the air onto the boys. The saw first struck Holland, and then jumped over onto Young.

Holland's left arm was almost severed from the shoulder, the bone being badly crushed, his right arm was badly cut below the elbow, the bone also being broken, besides having a tooth knocked out and sustained other injuries in his upper lip and nose. Young was cut severely through the back and sustained slight injuries in other places. Holland is 24 years of age and is an over-seas veteran, while Young, a boy of 15 years, has already established for himself quite a reputation as a stock breeder, being the champion hog raiser of all the boys' pig clubs in the state. He took first prize at all fairs in West Kentucky, first prize of boys' pig clubs in Louisville, and second prize on hogs shown by the best breeders in the state. He also took several prizes at the Hickman Community Fair last October.

The accident occurred while the boys were cutting cordwood in East Hickman. Dr. J. H. Young, father of Everett, saw the mishap and rushed to their assistance, doing what he could to stop the flow of blood until medical attention could be had. Dr. C. W. Curdin, Dr. H. E. Frather and Dr. J. M. Hubbard were called in and for a time it seemed that amputation might be necessary in Holland's case. Miss Leora Holland, sister of the injured boy, was summoned immediately from Dyersburg, arriving on the night C. M. & G. train. When a more complete examination of the injuries was had it was decided that amputation might be avoided.

According to latest reports from the injured boys, they are doing as nicely as could be expected, although they are in severe pain.

Both boys are well known here and are highly respected and well liked by everyone.

## TO LEAVE FOR MISSISSIPPI

Hon. W. J. McMurtry will leave next week for Clarksdale, Miss., where he will be connected with the Yazoo Delta Mortgage Co., a five-million dollar loan company recently organized. He will act in the capacity of title examiner for this company, which is one of the largest of its kind in the state.

Until the work of the mortgage company has been fully developed, he will be connected with the office of Syd J. Dodds, formerly of Hickman, attending to the legal work of Mr. Dodds. Mac is one of the foremost members of the local bar, and represented Hickman and Fulton Counties in the legislature for one term. He is one of the most universally popular men in the county and his multitude of friends give him up to Mississippi reluctantly.

## LEE ARMSTRONG'S HOUSE DESTROYED BY FIRE

The house belonging to Lee Armstrong, who lives near Blue Pond, was completely destroyed by fire, together with all its contents Friday afternoon. Mr. Armstrong's wife was in bed sick at the time the fire was discovered, and

Mr. Armstrong was in the field gathering corn and did not find out that the house was on fire until too late to save any of the furniture. Mrs. Armstrong barely escaped from the house with her life. The blaze caught from a spark blown from the fireplace by the wind on to the wall paper.

All the furniture and clothing except

that which the family was wearing at the time were destroyed and there was no insurance on either the house or the household goods.

Mrs. M. Symons left Thursday of last week to attend the bedside of her mother, Mrs. C. A. Symons, who was expected on Friday.

J. Virgil Chapman State Supervisor of Rural Schools, will speak at Brownsville, Friday afternoon, Jan. 28, on "Good Schools." Patrons of Fair View, Beech Grove and Graves school districts are especially invited to hear him.

L. P. Ellison, of Memphis, is visiting relatives in the city this week.

## CLARENCE REED FOR SHERIFF

Pledges Himself to Give a Strictly Business Administration.

In our announcement column this week will be found the name of W. C. (Clarence) Reed, at present the efficient cashier of the Hickman Bank and Trust Co.

Mr. Reed is not unknown in Fulton County, having been born within its borders and spending practically his entire life here. He is a native of the City of Fulton. He began in the banking business at Fulton, afterward coming to Hickman, and has an accumulated experience, which we assume will be of much value to one chosen to the office to which he aspires. Also Mr. Reed has been county treasurer for the past several years, discharging his duties in a way that augurs well for his competency and again denotes potential good for trial in the sheriff's office.

His aggressiveness in any undertaking may well be based on his activities during the war. He was chairman of the third, fourth and Victory Loan drives, all of which, in the parlance prevalent at the time, "went over the top" with a whoop.

Mr. Reed has a platform, naturally—a program, you might say—in case of his being favored in his ambition, the foundation of this platform is concentrated service. He pledges that he will devote his entire time to the office to the end that it may function like a well-oiled machine. He will discontinue his present vocation and abstain from entering any other during his incumbency. He promises to pick his deputies solely for their fitness and ability—no other consideration will be allowed to enter.

Ideally fitted for the position—a young man possessing excellent character, tact and business acumen; one who will discharge the duties of the sheriff's post without fear or favor, Mr. Reed presents those natural qualities that fit him in every possible way for the office of sheriff.

The most exacting citizen could not require more than Mr. Reed is prepared to give; the most critical could not wish for a plainer platform.

## JOHN THOMPSON FOR SHERIFF

Promises to Fill the Office With Credit to Himself and Party if Elected.

The friends of John M. Thompson have again prevailed upon him to enter the race for sheriff of Fulton County, believing that he is the man to fill that important office, therefore in this week's Courier will be found his announcement as a candidate for sheriff, subject to the action of the Democratic primary election, August 6, 1921.

Mr. Thompson made the race for sheriff in the last primary but was defeated, but no one will deny that his popularity was demonstrated to the fullest extent, because the large vote he received was indeed gratifying to himself and friends, for the first time out for office. He made a clean fight from start to finish, in 1917, and will make a clean fight for the nomination this time. He is a loyal Democrat and has always been enthusiastic in his support of the party principles. He has spent his life in this county and has a wide acquaintance and scores of friends and admirers who want to see him elected sheriff, because they know he will fill the office with credit to his supporters and himself.

Mr. Thompson asks the voters of Fulton County to give their careful consideration to his candidacy and promises if elected, to give his best efforts to the faithful and conscientious discharge of the duties that will come before him. John M. Thompson is capable in every way to fill the sheriff's office, and if elected will make a fearless and faithful official, and will be impartial in all his official dealings with the public.

The women voters should have in mind, too, that he will appreciate their vote and support just the same as that of the men.

He solicits your vote and support.

## GOOD ATTENDANCE AT LEGION SHOW

Full House Sees "Jolly Tourists Express" Monday Night.

"The Jolly Tourists Express," a two-act farce comedy given under the auspices of the Aubra Townsend Post No. 57 of the American Legion, was shown at the Rex Theatre Monday night to an audience which taxed the capacity of the building. The cast of characters included only home talent, and the excellent way in which the parts were portrayed showed the hard work and able direction which had been given in its preparation.

Especially pleasing were the numerous musical numbers, consisting of solos, duets and choruses, which were abundantly interspersed throughout both acts.

So well was every part played and each number rendered that it would be almost impossible to single out any one star. It was one of the best shows ever given by Hickman talent, and the audience showed its appreciation frequently by the abundant applause.

Due to the success of "The Jolly Tourists Express" the American Legion will probably lay plans for another play in the future.

And show cause why the land or other property owned by you located in the proposed district shall not be assessed for the purpose of establishing and organizing the said district and constructing the proposed improvement and maintenance thereof, and why so much of the land or other property owned by you which may be necessary to construct and maintain said proposed improvement shall not be taken or damaged for such purpose. Upon your failure to appear and file objections or exceptions, if any you have, within thirty days from this date it will be taken for granted and confessed by the Court and all others that you have no objections to the establishment and organization of said district or the construction and maintenance of the proposed improvement in said levee district.

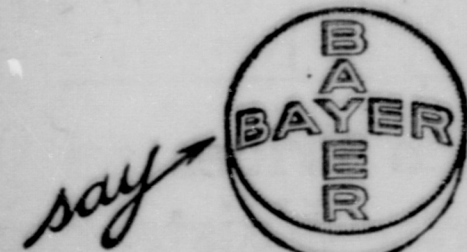

The proposed improvement is the construction, reconstruction rebuilding and maintenance of the levee along the banks of the Mississippi River in said district. There are approximately 27,218 acres of land in the said described territory benefited by said levee.

Witness my hand as Clerk of the Fulton County Court on this 13th day of January, 1921.

O. C. Henry, County Court Clerk.

### ASPIRIN

Name "Bayer" on Genuine

Beware! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headaches, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Drugists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoacetic-acidester of Salicylic acid.

I have Cotton Seed Meal for sale, and it is the best feed for milk cows. It will make them fat, and give more milk and butter than any other feed on the market, and it is the cheapest. Try a sack of it.—Mooney's Feed Store. Phone 210. 32-2tc

### A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

THE UNIVERSAL CAR

The Ford Sedan is the favorite family car, seats five comfortably. While an enclosed car with permanent top, it has large windows, and may in a minute be changed to a most delightful open car with always a top protecting against the sun. In inclement weather it is a closed car, dust-proof, water-proof, cold-proof. Finely upholstered. Equipped with electric starting and lighting system and demountable rims with 3 1/2-inch tires front and rear. A real family car. Won't you come in and look at it? The delights of the electric car with the economy of the Ford.

### Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

**BLACK-DRAUGHT**

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which gripped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive."

**First English Coin.**  
It is a common error to suppose that the first English coin was made of copper. It was made of gold, about A. D. 460, and is believed to have been struck in celebration of the victory of Scam, the overlord of the ten provincial chiefs in southern Britain, over the Saxon invaders.

**HERE IS GOOD FINANCE.**

City of St. Joseph, Mo., is Swapping Bonds and Making Money.

Frank Siemens, city comptroller of St. Joseph, Mo., on watch to increase the revenues of that city, has submitted an ordinance to the City Council directing the investment of municipal funds appropriated to retire bonds issued some fifty years ago, in Liberty Bonds at current market prices. A small part of these old bond issues still have been unredeemed by the bondholders and at present the city is drawing 2 per cent on the money held to meet them.

In submitting the ordinance, Mr. Siemens stated that with the sum at his disposal from this source, \$8,850, he could purchase \$4,450 worth of Liberty Bonds bearing 4 1/2 per cent interest yearly or \$159.37 as against \$77 now produced. In addition if held to maturity this investment would yield the city an additional sum of \$900.

This place of finance illustrates in concrete terms the opportunity for profit which is presented to every investor by Liberty Bonds and Victory Notes at present prices. They are absolutely safe, they are backed by the entire resources of the nation and will be redeemed upon maturity.

**Why Mr. N. Windsor (R. I.) Put Up with Rats for Years.**

"Years ago I got some rat poison, which nearly killed our fine watch dog. We put up with rats until a friend told me about Rat-Snap. It surely kills rats, though house pets won't touch it. Rats dry up and leave no smell. Prices, 35c, 65c, \$1.25. Sold and guaranteed by Cowgill's Drug Store, Inc. Hickman Hardware Co., Inc.

**Killed Value of Old Coins.**

Old-fashioned copper cents of the years 1817, 1818, 1819 and 1820 were formerly very rare and correspondingly valuable; but bags full of them were found in an old bank and the market was flooded.

**RENNENBERG TO REMAIN HERE.**

At a vestry meeting on Thursday afternoon of St. Paul's Episcopal Church, Rev. W. F. Rennenberg announced his intention to remain in charge of this church for another year. This was gladly accepted by the vestrymen, also is welcome news to the entire city. Rev. Rennenberg had received a call to a church Bowling Green with a considerable increase in salary and the Hickman church is to be congratulated in his decision to remain with us.

The Steamer Seminole, of the Mengel Company, went to Fayetteville, Ill., on Thursday of last week where she received four government steel barges to be used by that company for several weeks in their log trade here. This will enable them to bring in their logs at a much faster rate. They have also chartered another derrick, putting three to loading. This is being done in order to get the logs in before flood season sets in. I. Horine, Asst. Branch Mgr., made the trip to Fayetteville on the steamer to accept the barges.

Mrs. Mollie Prather and daughter, Mrs. C. M. Reynolds, entertained at four tables of bridge Thursday evening of last week. A salad course, hot chocolate and minis were served. The guests were Mesdames J. T. Stephens, H. N. Cowgill Sr., E. B. Prather Sr., C. G. Schlenker, E. B. Prather Jr., E. D. Johnson, Jessie Dillon, F. E. Case, Nim Walker, W. H. Baltzer, C. L. Walker, W. A. Dodds, and R. L. Bradley, and Misses Allie Dodds and Frankye Reid. Mrs. W. W. Page of Nashville was an out of town guest.

Mrs. John Swift has returned from Union City, where she underwent serious operations for appendicitis, undergoing three operations at the time. Her daughter, Mrs. Pleas Bynum, remained with her while at the hospital.

B. M. White, of Louisville, was here the latter part of last week on business with the Mengel.

Mrs. L. C. Moss, who has been quite ill, suffering from an attack of appendicitis, is much better.

Charles Beckham and Chester Barnes returned last week from St. Charles, Ark.

**IMPROVEMENTS ON LEVEE.**

The city levee is in better shape now than at any time since its construction. Some few weeks ago the wave-washed places all along the levee, extending from below the N. C. depot to where it joins the government levee, were all filled in, the wave wash during the flood last spring doing serious damage. The levee was cut far in in many places. After this was replaced the work of then protecting same all along from the washing of the waves was undertaken and a wall has now been built to prevent this. The high winds do more damage to the levees than the high stage of water generally, but with a wall to break these waves, this will be eliminated almost entirely. This work has been done at quite a big expense.

**HALEY-CHOATE.**

Miss Opal Choate and Bernice Haley were joined in wedlock Sunday at Fulton by Squire McDade of that city.

Miss Choate is a promising young daughter of Mr. and Mrs. E. C. Choate of this city, while Mr. Haley is the son of Bedford Haley of the north part of the county. They were accompanied by Mr. and Mrs. Goebel Parham of this city. They will make their home at the residence of Bedford Haley.

### NEW ROAD ENGINEER FOR THIS DISTRICT

Division Road Engineer L. D. Hollingsworth, who has had charge of road building in Western Kentucky the past eight years, has been assigned to the department of maintenance, effective February 1. His headquarters will be at Frankfort. As division road engineer he has been located at Paducah. The Kentucky Highway Commission, of which Ben Weille of Paducah is a member, has selected Hugh Crozier, road engineer for the Second district, to succeed Hollingsworth. Crozier is reported to have done some fine road work in the Second district. He has been stationed at Henderson. Announcement of the change has just been made by Commissioner Weille.

### DANDRUFF GOES! HAIR STOPS FALLING

Immediately after using "Danderine" you can not find any dandruff or falling hair, but what pleases you most is that your hair seems twice as abundant; so thick, glossy and just radiant with life and beauty. Get a 35-cent bottle now. Have lots of long, heavy beautiful hair.

### CHRISTIAN CHURCH.

Bible School at 9:45. Special Bible reading, 1 Cor. chap. 4, 5, 6. Communion and Preaching at 10:45. Sermon subject: "God's Eternal Law of Coming Back." Night worship at 7 o'clock. All cordially invited. Rev. E. L. Milley, Pastor.

### No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strength tonic to the whole system. Nature will then throw off or diaspel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

J. H. Millet left Sunday for Jacksonville, Fla., where he will join his wife, who proceeded him there a week ago. They will spend several weeks there with their son, Harry, and wife.

Robert Rooks of Brownsville, Tenn., was the guest of Miss Jane Binford Friday and Saturday of last week.

W. R. Harper spent Sunday in Ridgeley.

### "WHEN WE GO SWIMMING"

Way down in the country,  
Where the tall corn grows,  
Where the cotton's blooming,  
Where the cotton chopper's hoe,  
Where the bird's are singing  
And the bee's a humming, too;  
Where the grass is always greenest  
And the sky a baby blue.

There's a big old pond of water,  
Where we fellows take a swim,  
And we have a grand old time,  
Me and Fat and Bill and Slim.  
The water's so fine,  
And we feel so doggoned good,  
Sometimes we forget and—  
Stay in longer than we should.

Then we crawl out of the water  
And dress in just a minute;  
And we go a-sneaking home,  
Ma says "This is the limit,"  
And the next time you go swimming!  
I'll whip you sure as sin."

Next day it's just the same old thing,  
For we all go in again.

The above poem was written by Miss Rosa Beckham of this city and appeared in the Memphis Commercial-Appeal Sunday on the children's page, taking first place among the poems submitted to that department by children for publication.

### PAPE'S DIAPEPSIN ENDS INDIGESTION

"Pape's Diapepsin" has proven itself the surest relief for indigestion, Gases, Flatulence, Heartburn, Sourness, Fermentation or Stomach Distress caused by acidity. A few tablets give almost immediate stomach relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case costs only few cents at drug store. Millions helped annually.

J. Hertzman, of Louisville, was in Hickman Sunday, visiting his sons, Saul and Nathan Hertzman, proprietors of the Hickman Army Goods Headquarters.

### GIVE INCUBATORS BEST CARE

Machines Should Be Cleaned and Disinfected Before Storing Away for the Winter.

After the hatching season is over, clean and disinfect the incubators, empty the lamps and carefully store the parts in the machine. Lamps containing oil which are left in their proper place on the incubator for some time after the hatching season is over will cause trouble when it is started again, as the oil tends to work up into the hood.

The incubator should be disinfected once a year, or oftener if any disease is present in the hens or chickens, say poultry specialists of the United States department of agriculture. Some operators prefer to disinfect

Some Operators Disinfect Their Incubators Before or After Each Hatch.

their incubators before or after each hatch. A 5 per cent solution of a reliable coal-tar disinfectant or carbolic acid may be used to wash out the machine and to disinfect the egg trays and nursery drawer. If the burlap is very dirty it may be cheaper to renew than to clean it.

For an incubator of about three cubic feet capacity one may pour one-half ounce of formalin, which contains 40 per cent formaldehyde, on one-half ounce of permanganate of potash in a pan in the incubator, which produces a very penetrating gas and thoroughly disinfects the machine. The door of the incubator should be closed just as soon as the liquid is poured into the pan and left closed for twelve hours or longer. Incubators should be well aired before they are used after formaldehyde or any disinfectant which produces a gas has been used.

## G. E. MOORE COMMITS SUICIDE

Well Known Fulton Citizen Ends Life Thursday Morning.

George Edward Moore, a well-known citizen of Fulton, ended his life this morning, by swallowing about two ounces of carbolic acid.

Mr. Moore had been in declining health for several weeks, causing despondency at times which was said to have been the cause of the rash act.

Mr. Moore was mingling with his friends on the streets this morning only a short time before he returned to his home and swallowed the deadly poison. On his return home, without removing his overcoat, he went to the bathroom for a glass of water, and was found by his wife a few minutes later lying on the floor unconscious with the empty bottle nearby.

Several physicians were quickly summoned but death followed within a few minutes.

Mr. Moore was the father of twelve children, nine of whom survive. The grief-stricken wife and children have the sympathy of many friends in their deep bereavement.

Mr. Moore was born at Clinton, Ky., Sept. 16, 1867.—Thursday's Fulton Daily Leader.

## A LEOPARD CANNOT CHANGE ITS SPOTS

Mr. Dodson, the "Liver Tone" Man, Tells the Treachery of Calomel.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and cannot salivate.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. Give it to the children because it is perfectly harmless and doesn't gripe.

### FROM COURIER FILES

#### TEN YEARS AGO

There was emphatic opposition in Congress to President Taft's plan to fortify the Panama canal.

Ed Townsend resigned from the employ of Smith & Amberg to accept a position as overseer of S. L. Dodd's plantation in Mississippi.

Sam D. Luten was a new member of the city council, taking the place of C. L. Baltzer, resigned.

Contractors on the new railroad are now working within sight of the city.

John Lassenger of Berkeley, Ky., was caught in the machinery of the gasoline boat "Daisy" and killed. The accident occurred at Island No. 7.

Miss Mattie Travis of this city and John Handley of Nashville were married at the latter place.

#### FIVE YEARS AGO

C. M. Adams shipped seven carloads of walnut logs to Cincinnati.

During the past six days S. L. Dodds has shipped out over \$10,000 worth of cotton seed.

It was expected that Sweden might enter the war on the side of Germany.

The ice in the lake having thawed, fishing has been resumed at Reelfoot.

The Mangel Box Co. ran out of logs Wednesday for the first time since the plant has been in operation.

Judge Gardner appointed John Wade, Sam E. Johnson and Syd L. Dodds as jury commissioners for the ensuing year.

## UNSHAKEN TESTIMONY

Time is the test of truth. And Doan's Kidney Pills have stood the test in Hickman. No Hickman resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

John H. Nelson, painter and farmer, E. State St., Hickman, says: "I used one box of Doan's Kidney Pills and they did me a great deal of good. I also had constant pains. Seeing Doan's Kidney Pills highly recommended, I got a box and used them as directed. In a short time was cured. I have had no occasion to use Doan's since then. I can highly recommend them to anyone suffering from kidney trouble." (Statement given January 3, 1912.)

On December 3, 1920, Mr. Nelson said: "I have the same good opinion of Doan's Kidney Pills as when I endorsed them several years ago. I take a few Doan's whenever my kidneys are out of order and they never fail to promptly strengthen my kidneys and leave me in good condition."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Nelson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Col. C. L. Walker went to Louisville Sunday on business.

## STATE NAMED BY EXPLORER

Why Territory Was Called "California" Was Long a Puzzle to Even Profound Scholars.

In "The Natural Wealth of California," Titus Fey Cronise says: "There are few countries, the names of which are involved in as much mystery as that of California. A compound of Greek and Latin. It is not positively known by whom or when compounded, nor the reason why, although many profound scholars in Europe and in the United States have endeavored during the past century to trace its origin."

To substantiate this claim of discovery the historians generally refer to a letter written to King Carlos V by Cortez, dated October 15, 1524, in which information is given of the reported discovery of an island of Anas.

Gerardino, an Indian student, who spent months in searching Spanish books of ancient date, declares the name was invented by Cortez following a report of an island inhabited by women only off the coast of what is now California. He looked on the calendar of saints, and finding Saint Calisto and Saint Fortunata there, he combined the two by using the first part of each name, and added the suffix "nia." With this "California" he started out to find the island and bestowed his invented name upon it.

### To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c.

### HELPFUL HINTS.

Sometimes it happens that one's letter is left. It is pity to waste so good a dish. Try the Italian method of serving it, though this is not a leftover, but a choice dish prepared for an occasion. Cut the omelette in strips a quarter of an inch wide, heat in butter, sprinkle with grated cheese and serve with gravy or any sauce, seasoned with vegetables such as celery, onion, tomato and parsley.

The use of vegetable oysters (salsify) in chicken pie is new to this generation, but was commonly used in the old days. Cut the salsify and cook until tender; add to the chicken pie. It was not a measure of economy in those days, but a pint of salsify would extend a pie several servings, and at the same time give an added flavor.

When preparing hamburger steak, add a pinch of clove, a few black walnuts and a little sausage. For seasoning put slices of onion around the steak rather than adding the onion to the meat.

Maple syrup makes a most delicious fondant for home-made candies. Where syrup is plenty it may take the place of sugar in many kinds of candies.

Any bits of leftover meat, especially ham, may be ground through the meat chopper, seasoned with a dash of mustard and then packed into a small jar covered with melted fat and set away for sandwich filling, to use as a sauce or with rice and tomato. Even a half of a jelly glass will season a dish of rice or serve for a half-dozen sandwiches.

A nice luncheon dish may be made by using leftover ham (chopped); spread on buttered toast and serve on it a nicely poached egg.

Puffed Rice Brittle.—Cook in a smooth iron frying pan one cupful of sugar, stirring until melted, and a golden-brown syrup. Stir into this one cupful or more of puffed rice, previously heated in the oven until crisp. Pour out on a greased pan; cool and break in pieces.

Recruit Had His Own Reasons for Not Answering Stuttering Corporal at That Moment.

He was a corporal drill instructor, and though he had an extraordinarily fine word of command, in normal speech, he stuttered—and stuttered badly.

One day a new and particularly clumsy recruit joined his squad and the instructor walked up to him to give him a little private lecture.

"Now I-I-I look here, my I-I-I-lad," he began. "You're about the st-st-stoppiest thing I've ever had in my sq-sq-squad. You must b-b-buck up. Wha-wha-what's your name?"

There was no answer, and the corporal painfully repeated the question, but there was still no answer.

Eventually the sergeant major intervened.

"What's the matter with you, my lad? Why don't you answer the corporal?" he asked.

"B-b-because," explained the unfortunate recruit, "I d-d-d-don't want to m-m-mock him!"

## NEGLECT OF DISABLED MEN

Legion's Investigation Shows Lack of Attention to Men Who Suffered Terrors of War.

Investigations by the American Legion reveal shocking conditions of mismanagement and neglect in the government's treatment of disabled veterans, according to reports of the Legion's findings made public by F. W. Galbraith, Jr., national commander. The Legion has launched a nation-wide fight for the correction of these conditions, which Mr. Galbraith has described as "a blot and a disgrace on the name of our country."

More than 20,000 veterans are still in hospitals suffering from wounds and infirmities suffered in their country's service. Many of them have been there since they were brought back from France on the hospital ships. Their number is increasing at the rate of 2,500 a month, due mostly to the development of tuberculosis among men who were gassed. Statistics show that more than 500,000 men were discharged with disability rated higher than 10 per cent. Experts agree that the peak in hospitalization will not come for five or ten years. Yet, government hospitals at present are filled to overflowing and even contract arrangements are not being made rapidly enough to care for the ever rising tide of disabled men whose conditions demand hospitalization.

Certainly, there is no lack of willingness on the part of the American people to do all in human power to aid those who paid the price for the victory. The same experts who estimate that the peak of the problem will not come for five or ten years say in the meantime \$5,000,000,000 must be spent in its solution. The government has not been niggardly. More than \$500,000,000 already has been spent. Mismanagement is the gist of the Legion's charge. Lack of vision and foresight and the ever-present governmental red tape is blamed as responsible for the death of disabled men before aid could reach them, for the incarceration of disabled in jails and insane asylums, and the charity wards of public hospitals where they received the same treatment as paupers.

In addition to its activities in advocating reform in the conduct of the government bureaus, the American Legion has dedicated itself to the tremendous task of "humanizing" the dreary lives of 20,000 disabled buddies who are patients in the hospitals all over the country.

Every Legion post in this country has been assigned to the definite job of taking care of a certain hospital where former service men are patients. The Women's auxiliary also will be mobilized to share in the work and civic and philanthropic organizations in the hospital towns will be enlisted.

There is also the dangerous possibility that the hospital patients, remaining day after day with no interest other than their physical condition, will become bitter against the country which once honored them and which apparently has cast them aside. In several hospitals, Bolshevik agents have distributed inflammatory literature by ingenious methods, of which an example is the inclosure of the printed matter in bouquets of flowers. In one case discovered by Legion investigators the propaganda was entitled: "You fought for America and what did you get out of it?" And indeed, it does seem that the sick veteran got little out of it except a short period of popularity, the consciousness of having done his duty and a maimed and diseased body.

"The 2,000,000 who are their buddies," said the Legion's national commander, "and are banded together in the American Legion, are determined that the hundred million shall not forget. In this work of giving the disabled man a fair deal and making him content we shall ask the co-operation of every loyal American. We fought together and we will stick together."

### WOULD STEER SHY OF CAMERA

Colonel Whittlesey, Leader of "Lost Battalion," Backs Off From Motion Picture Machine.

Although Colonel Whittlesey, an active member of the American Legion, led the famous "lost battalion" through the Argonne and was one of the 54 Americans who won the blue rosette of the congressional medal of honor, he told "Fatty" Arbuckle that he would be "scared to death" if placed before a motion picture camera.

"You can starve a man; you can wound him with bullets," said Colonel Whittlesey during a recent visit to a Hollywood movie studio with the portly comedian, "but you can't dim his love for the movies. Just a few hours after my boys of the Three Hundred and Eighth Infantry had landed in a safe billeting area on being relieved from their perilous position, the whole bunch were in a 'Y' hut watching a five-reel comedy."

## BIG EAGLE KILLED.

H. W. Wilcox, of Paducah, mail clerk on the Paducah-Hickman division of the N. C. & St. L., brought in a big American eagle which had been killed by a boy near Paducah with a .22 rifle. The bird measured 7 feet and 4 inches from the tip of one wing to the other. He brought the bird here to be mounted but on account of his sickness, Seth Curlin, who is expert in this line, could not do the mounting. The eagle was taken Wednesday morning to Nashville to a taxidermist.

Mrs. Jessie Dillon delightfully entertained Tuesday afternoon from 2.30 to 5. Bridge was the diversion of the afternoon and at the close a salad course was served. Those present were: Mesdames C. B. ## Chicago foot expert coming to our store

Do you have weak feet, turning ankles, cramped toes, aching pains in the feet that make you tired all over? You can give your feet the relief they need, rest your tired, strained muscles, by seeing Dr. Scholl's Foot-Expert.

Saturday, January 29

Foot Pains that tire you out can be relieved and corrected

Every foot pain that you have has a cause! And if you just know that cause you can find the scientific method of getting it relieved and corrected.

You can come to this store and find out the cause of your foot trouble! You can talk to a man who has been trained in the foot comfort methods of Dr. Wm. Scholl of Chicago. This foot expert—this Dr. Scholl Practicedist—understands your foot trouble, will explain to you its cause, and will show you, free of charge, the appliance that will correct it.

These appliances are not experiments. They have been tested and found successful all over the United States for a great many years. Do not neglect your feet. You now have the opportunity to have your feet examined and to find out just what they need for their immediate relief.

Don't forget the date. And don't fail to come in and find what your feet need to make them comfortable. Remember the demonstration is free.

## Big Reduction!

### \$30 Decline on all Great Majestic Family Ranges

Manufacturer takes lead in sweeping range price reduction

In a letter just received from the Majestic Manufacturing Co. we have been instructed to reduce prices on all MAJESTIC FAMILY RANGES.

This decline is an extraordinary effort on the part of the manufacturers and ourselves to stabilize business in general.

Through co-operation of Majestic dealers and the factory this exceptional decline was decided on at this time rather than gradual reductions throughout the year.

Those familiar with continued high costs of iron and labor will wonder how this great reduction can be made now, but some one had to take the initiative, and we are proud to announce that the Majestic people are setting the pace.

The Majestic Manufacturing Co. and the Majestic dealers throughout the United States decided to take their loss at one time rather than string it out over the entire year 1921.

In the New Model Great Majestic we offer the highest standard of range perfection, and with this extra low price, probably lower than it will be this fall, there is no reason why your kitchen should be without one of these wonderful ranges.

Our stock is complete

R. L. (TOBE) JACKSON

Many a dairyman's idea of pure milk is the kind from which the cream has been skimmed.

Kentucky farmers threaten not to raise tobacco next year, but that won't have any effect on cigarettes.

Still another pretty good way for a man to keep himself broke is to try to live up to the reputation of a "good fellow."

The worst part of making a mistake is to have to listen to your wife remind you that she advised you not to do what you did.

An eastern man has invented a new kind of pitchfork. The nice thing about it is it won't leave the farm when wages go up in town.

We have also noticed that some advocates of home industries are not always as industrious when at home as they should be.

As one Hickman citizen said yesterday, the danger of kissing lies not so much in contracting disease as in contracting a lawsuit.

One Arkansas town has a stone pile for prisoners right out on the street. That's about the only way to put a profiteer on the "square."

The average man doesn't feel that he gets value received when he gives to charity unless someone comes along and puts him on the back.

We can only judge by the smiles and laughter, but most Hickman people seem to enjoy coming out of church more than they do going in.

What is the use in the League of Nations preventing the manufacture of battleships when some wicked nation will come along and start bootleggin' 'em?

Many a man reaches the point every now and then when he feels that his life is devoted solely to raising children, raising taxes and raising what Sherman said war was.

## WANT STEMBRIDGE TO RUN.

We understand that many friends of Stanley D. Stembridge are urging him to make the race for county judge in the coming primary. This is a very important position. Mr. Stembridge is in every way qualified to fill the office, and if he should be persuaded to become a candidate for this office we believe he would fill it with credit to himself and to the county if elected.

Mrs. T. E. Ayres of Waverly, Tenn., spent Saturday and Sunday with her parents, Mr. and Mrs. W. D. Warren on Bond Hill. She was accompanied by little Misses Ruth and Carrie Chappell, who are spending the week with their grandparents, Mr. and Mrs. Warren.

FOR RENT—The Faris farm just west of Hickman, Kentucky, near the Mengel Box Company, consisting of about 150 acres. Want cash rent payable by the month. Submit your best proposition to R. W. McKinney, Paducah, Ky.

Mrs. Robert Emory, of Woodland Mills, is spending the week with Mrs. W. D. Warren of this city.

Two \$95 cents buys a Mayfield Woolen Mill pant at Sullivan Bros.

Good cooking, prompt service—Busy Bee Cafe.

## TOBE JACKSON FOR JAILER

Well-Known Citizen Asks Support of People Next August.

An honorable citizen and a staunch Democrat's name will be found in our column of announcements this week for the office of Jailer of Fulton County. The name is that of R. L. Jackson, better known as Tobe Jackson. Mr. Jackson is a native Fulton County. His birthplace is State Line, and he has lived in the county all his life. At present he resides in East Hickman, being connected with the Planters Gin Company of this city. Seven years of his life were spent in the employment of the Mengel Company on one of their derrick boats and for two years he was employed by C. T. Bondurant. However, any sort of biographical sketch of Mr. Jackson is hardly necessary, for he is too well known throughout the county to need any introduction to the voters.

About ten years ago he held the office of Magistrate of District No. 4, and filled that office with credit to himself and to the district. Aside from that important, yet unremunerative, office, he has never asked for political preferment at the hands of the electorate.

No more honorable man lives than Tobe Jackson. He has friends in every section of the county. He is honest, hard working and industrious. No more staunch Democrat lives in Fulton County than Tobe Jackson. If, in the fairness and magnanimity of the voters of Fulton County, they will honor him by electing him to the office to which he seeks, he will show his appreciation by faithful service and zealous attention to the duties which devolve upon one who holds the post of Jailer. Mr. Jackson seeks a careful investigation of his citizenship and if, in the wisdom of the voters, they decide that he is the proper man to serve them in this capacity, there is no one who will be more appreciative than he.

His candidacy is subject to the will of the Democratic primary next August, and he will try to see every individual voter before that time to present his claims in person, and he respectfully asks the consideration of all the voters.

## CHAS. CLARK MAY GET IN.

C. L. Clark is being urged by his many friends to announce himself as a candidate for the office of sheriff, and although undecided, he will probably soon enter the official list of aspirants for that important position. He will make a strong contender for this office in the event that he decides to run, as he is well known to the electorate.

## A GREAT ASSET TO KENTUCKY.

The Kentucky Childrens Home Society has a representative in the city this week in the person of W. H. Collins, financial agent. This institution takes the pauper children from all the counties on order from the county judges. About 3200 children have found shelter and love in the home and 25 of them from Fulton County. During his term, Judge Stahr has sent up eighteen children.

The society places these children in good homes and keeps a strict supervision over them till grown.

For the last two years the work has expanded beyond the capacity of the present home in Louisville, and the managing board, to make adequate room has bought a farm of 86 acres, ten miles from the city, on which an adequate village of cottages will be built beginning March 1st. To secure the necessary funds each county was apportioned a certain amount; Fulton County's quota being \$2000.00. This amount was apportioned to the various school districts on the basis of the school census. Every school in the county is asked to raise a specified amount. Those schools that have raised theirs are asked to turn it in at once either to Miss Inez Lutten or direct to the society. Teachers who have not done anything, are asked to do so before their schools close.

Hickman's quota was \$650.00, of which about \$465 was raised a year ago, and Mr. Collins is here speaking to the schools and seeing our people in an effort to raise the remainder.

No more worthy object appeals to us than this work of saving our destitute children, and it should have our hearty support.

## YOU CAN'T DODGE IT

Once in Awhile Your Blood Clogs and Your Vitality Runs Low.

## THEN TAKE PEPTO-MANGAN

You'll Pick Up Again Quickly With Plenty of Red Blood Corpuscles.

Physicians nowadays take a blood test when your are run down. They count the red corpuscles in your blood. If these are too few they give you a tonic for your blood. It happens right along. They are always on the lookout for indications of weak blood.

Why? Because they know when your blood is weak your resistance to disease is low. Your vitality and energy quickly run down.

You can tell when your blood is weak. You look pale, feel tired, you are not ill, but you don't feel right. You don't want to do things. That is the time to take the well-known tonic, Pepto-Mangan.

Pepto-Mangan builds red blood corpuscles. Physicians have prescribed it for thirty years.

Pepto-Mangan is sold in liquid and tablet form. The medicinal value is exactly the same. Take either kind you prefer. But be sure you get the genuine Pepto-Mangan—"Gude's". The full name, "Gude's Pepto-Mangan," should be on the package.

Suits that represent \$40 to \$50 values at \$20, \$22.50 and \$25.—Sullivan Bros.

## TAKE TIME TO COMPLIMENT

As "Old Ed Howe" Says, the Kicker Really Does Not Gain Much in the Long Run.

There are so many critics in the press and on the platform that heaven knows enough fault is found with the people. The really unusual thing is a compliment without a string to it. And there are a million things to compliment unreservedly.

In the storm of indignation and faultfinding, you often are almost shocked to see thousands of decent men and women, or communities that are upright and progressive, and institutions honestly and progressively managed. There is so much faultfinding that you expect to find the country going to the devil and thieves and incendiaries on every street and cross road. People actually find too much fault with themselves and their affairs. There is actually much to commend everywhere.

You often hear people say, "The kicker always gets the best of it." The kicker is a man who is always demanding more than is properly coming to him, and who is often given an extra herring to get rid of his noise; but there is nothing in the popular belief that he gets the best of it. He may in small things, but the best men in your community are not kickers; no man ever made a fortune by kicking.

Fortunes are made by men who are polite and agreeable. A kicker is a man marked in every community to be avoided, and given the worst of it whenever possible.

A kicker may be given three for a quarter when the regular price is 10 cents straight, but he can't kick his way into a big position or into real success in anything.

What is the particular thing the people are doing that is most harmful and foolish? It would be interesting to know, but probably we never will know, since what some say is civilization's greatest blessing others say is its greatest curse. So every one must decide for himself, and woe unto him who makes a mistake.

Most of this talk about helping the under dog is sentiment; the under dog does not actually receive much help.—Ed Howe, in New York Evening Mail.

## Boston's Famous Dead.

Boston and its surrounding towns possess more famous dead than any other locality in the country. Otis and Hancock, two of the greatest orators of the Revolution, are passed over hurriedly by many visitors to the Old Granary ground, but nearly all linger in pleased surprise near the simple stone of Mary Goose, who, according to the little wooden placard, is believed to be the Mother Goose of nursery rhymes. The graves of Revolutionary heroes are numerous. The tomb of Mary Chilton, the first woman to leap from the Mayflower to Plymouth Rock, is in the heart of Boston in its oldest cemetery. Elizabeth Pain, believed to be the original of Hawthorne's Hester Prynne of "The Scarlet Letter," lies in this same ground.

Over in Cambridge there is a more modern ground, one of the most beautiful in the country, and here may be seen stones and monuments to such famous folk as Edwin Booth, the actor; Agassiz and Gray, the great naturalists; Phillips Brooks, Howells, Holmes and Longfellow, Rufus Choate and Julia Ward Howe.

## Typewriter for a Duke.

In the matter of wedding presents Queen Mary has introduced a vogue of giving something inexpensive but useful, says the London Mail.

At the recent wedding of the duke and duchess of Alba the list of presents showed that they had been the recipients of a book and a pair of opera glasses from Queen Mary; but the most original and unusual gift on the list, especially for a duke, was a typewriter.

Many of those who were discussing the wedding presents wondered what a duke wanted of a typewriter, but this should be no cause for wonder to Brits, for their own Princess Mary is a very efficient typist and has herself written many letters this way on behalf of her brother, the prince of Wales, whose secretary she at one time constituted herself.

## Important Historical Find.

While making excavations for a car barn in Christiania workmen found the remains of a stronghold of the notorious Bishop Nikolas Arneson, who figures in Ibsen's "Kongsemmerne" as Bishop Nikolas. The building was erected in the eleventh century and the find is considered of such unusual importance that the authorities of Christiania are trying to reach an agreement with the railroad by which the ruins can be scientifically excavated and the car barn built somewhere else.

## Shoes for Doctor Leuret.

Dr. Maxime Leuret, a Swiss, is in America on a walk around the world. Since he left home in 1914, it is reported that he has worn out 102 pair of shoes. With prices what they are, one hopes the man is not obstinate, and that he takes advantage of a friendly flivver owner along the road; or that he stocked up on shoes in Si-am, where one of the American missionary compounds reports a lively business in shoes manufactured at a cost of less than a dollar a pair.

"An apple a day keeps the doctor away." We can only add that the price of apples is enough to keep anybody away.—London Punch.

## NOTICE OF BANKRUPT SALE!

Combined Notice and Order of Sale District Court of the United States for the Western District of Kentucky In Matter of Thomas E. Andrews —Bankrupt.

To the Creditors of the Bankrupt: THIS IS TO NOTIFY YOU, That S. D. Stembridge, of Hickman, Kentucky, trustee for the bankrupt, has filed here in petition asking that he be authorized to sell at public auction certain of the bankrupt's property, consisting of a stock of general merchandise, of groceries, canned goods, tobacco, cigars, furniture and fixtures, located at the business place of said bankrupt, on Clinton street, opposite the Wilson-Hale Grocery Company place of business, in Hickman, Kentucky.

A HEARING of said petition will be had before me at my office in Paducah, Kentucky at 9 o'clock, a. m. on the 31st day of January, 1921, when and where you may show cause, if any you have, why petition should not be granted, and when and where if no valid legal objections thereto are filed herein, it is

ORDERED, That said trustee do sell at public auction said property belonging to said estate, at the place where same is located as above stated, at 3 o'clock in the afternoon, on the 1st day of February, 1921, to the highest bidder, for one-fourth cash, the remainder payable, one-fourth in 60 days, one-fourth in 90 days, and one-fourth in 120 days, the purchaser to give bond for the deferred payments with approved surety, bearing interest at 6 per cent per annum from date of sale until paid, payable to the trustee, with privilege in the purchaser to pay all cash, the interest thereon to be abated in such event.

The trustee shall offer said property for sale in the following order: FIRST, the stock of merchandise, not including the furniture and fixtures; SECOND, the fixtures; THIRD, the furniture; FIFTH, all of said property, appraised at \$4,008.67; and accept the bid which realizes the highest price. He shall sell said property, free from any and all liens, and subject to the approval of the court, and make his report of sale within 3 days from sale.

E. W. BAGBY, Referee in Bankruptcy, Paducah, Ky., January 1, 1921. S. D. Stembridge, Trustee, Hickman, Ky.

## THIEF VISITS SMITH & AMBERG'S

Would Be Burglar Foiled by Alertness of Police.

A thief broke into Smith & Amberg's Department Store Tuesday night, forcing his way through the rear door, by breaking the lock. Police officers had received information that a robbery would probably be attempted that night and were on the lookout. Night Policeman Pat Freeman noticed the back door at Smith & Amberg's open and went for assistance, but when he came back the thief had made his escape through the front door.

Three leather hand bags filled with shirts and other wearables were found, which the would be burglar had left in his hasty exit. A large oil cloth was spread outside the door to receive other dry goods and the thief left behind him an alligator skin raincoat, which has been turned over to the police authorities. The police have a clue upon which they are working—the same tip which caused them to be on the lookout for the robbery—and the burglar or the band which it is said has been performing these operations all along the river, using a boat for headquarters, may be apprehended soon.

This is the first time the general crime wave which has been sweeping the country for the past few months has touched Hickman, but citizens of this city would do well to be careful in guarding their homes and business houses.

W. A. Britton, well known man of this city, residing in the Henry Addition, is very ill with pneumonia.

## RITTENHOUSE DRILL STRIKES ROCK AT 1680 FT.

News from the Rittenhouse Oil Field, near Bondurant, where Honey, Mitchell & Bruer are drilling, shows the drill to have gone from the thick stratum of gumbo and shale into a rock at about 1680 feet. No definite information has been given out concerning the formation or the probable thickness of the rock. However, it is said to be very hard and its penetration is being watched with keen interest.

### DIED SUDDENLY.

Tom Smithwick of near Hickman dropped dead Saturday afternoon at the home of his son-in-law, Walter Evans, whom he had been visiting at Moscow. The cause of death is supposed to have been apoplexy. He was nearly seventy years of age. The burial occurred at Brownsville Cemetery. The wife of the deceased died in 1917 a victim of the famous tornado of that year.

### MRS. SHELBY DEAD.

Mrs. Charity Shelby died at her home in Bondurant Monday night. She funeral occurred Tuesday with the burial at Brownsville cemetery.

RAISE, KILL AND CURE PORK

Most Profitable Course for Farmer to Pursue—Any Surplus Can Readily Be Sold.

There's a profit in selling pigs and buying pork—but not for the farmer who follows this practice. The farmer's most profitable course is to kill, cure and can enough pork for his own use and sell any additional amounts which he can produce and for which there is a demand. The practice of home curing pork has suffered through neglect, but it is now being revived, according to the bu-

Hogs in Alfalfa, a Good Home-Grown Protein Feed.

reau of animal industry and the states relations service. These two bureaus of the United States Department of Agriculture are co-operating to encourage the general adoption of this wholesome usage among farmers. Home-cured pork, scrapple, pork pudding, sausage, canned pork, head-cheese and lard are among the foods which the farmer should get from his own cellar shelves and not from the city market. All transportation costs and commissions remain in his pocket.

A bulletin, "Killing Hogs and Curing Pork," now being revised by the Department of Agriculture, will soon be ready for issue. New methods and improvements have been given space in this discussion, and details of the processes for curing fresh pork have been added. Canning preserves pork with fresh pork flavors and lessens the toll and time incident to some of the older ways of curing the product. Besides being rapid and simple, the new process saves pounds of pork for all periods of the year which formerly had to be eaten soon after slaughter or be wasted.

### SUCCULENT FEED FOR STOCK

Silage is Best and Cheapest Way, Say Specialists of Bureau of Animal Industry.

Silage is the best and cheapest form in which to store succulent feed, say specialists of the bureau of animal industry of the United States Department of Agriculture. Many forage crops can be made into silage, but corn, where it can be grown successfully, makes the best silage.

Good silage depends upon cutting the crop at the right stage, fine cutting, even distribution, thorough packing, and plenty of moisture in the cut material. When rightly put up and carefully fed, there should be little if any loss through spoiling.

Silage is well suited for feeding to all live stock. Dairy cows need it perhaps more than other classes of animals, because the succulence which it supplies is very necessary for large milk production. It is a cheap and economical feed for beef cattle, from breeding cow to fattening steer. Sheep like it, and it is well suited to their needs. Even horses and mules may be fed limited quantities of good silage with good results.

### SCARCITY OF HEAVY HORSES

Farmers Advised to Breed Every Good Draft Mare to Best Stallion Within Reach.

A year ago most farmers thought the day of the draft horse had passed, but they have to think differently now. They see that they are not going to be able to produce these good big horses in time to take advantage of the beginning of extremely high prices. Under the circumstances, the best thing to do now is to breed every good draft mare to the best stallion within reach, even though he is a considerable distance away.

### IMMUNIZING SUCKLING PIGS

Sixty to Seventy Per Cent of Serum Cost Can Be Conserved by Treating at This Age.

Tests made at Ames, Ia., by government veterinarians indicate that permanent immunity against hog cholera may be secured by treating suckling pigs. Sixty to seventy per cent of the serum cost can be saved by treating at this age. Further tests are necessary before this practice can be safely advised.

### Marriage a Matter of Business.

Hiring Finnish men to marry Russian women to enable the latter to get out of Russia has become a popular and lucrative business in border towns. The ungallant Finns exact a high price, but the method is unfailing. It makes a Finnish subject of the woman, and is recognized as lawful by the two countries, which have assumed diplomatic relations. Endless trouble ensues, of course, if the woman thus freed of Russia refuses to part with her pseudo-husband.

### Convict Claims "Overtime."

What is believed to be the first claim for "overtime" ever filed by a convict has just been presented by a man named Martin, who served a term in the State prison, France. There were two Martins serving sentences at the same jail, for different periods. At the expiration of one sentence the wrong Martin was released and the mistake was not discovered until a week later. Now the Martin who was detained is demanding "overtime" at the rate of \$10 a day.
